CANADA MAY SUGGEST CHANGES IN BALDWIN'S PREFERENCE SCHEME

All Delegations of Dominions at London Economic Conference Now Studying Trade Plan Submitted by British Government; Full Discussion Will Take Place Saturday

London, Oct. 10 (Special Cable to the Canadian Press by George Hambleton, Staff Correspondent)—Canada may have modifications to suggest to the British Government's offer of increased preference which was made at the Economic Conference yesterday by Sir Phillip Lloyd George, President of the Board of Trade. All the overseas delegations are now busily engaged in the examination of the offer and the determination of their attitude thereon.

Canada all along has adopted the view that while she would welcome any additional preference, a change of tariff on the part of Great Britain was essentially a matter for Great Britain herself to determine. While maintaining this attitude, however, it is possible, although not yet finally determined, that the Canadian representatives may have some suggestions to make when the British offer is discussed in detail next Saturday.

The British proposal more particularly affects South Africa and Australia, but Canada would benefit under the increased preference on canned fruits and the stabilization of the preference on refined sugar. Under the limited preference now granted by Great Britain, it is pointed out, Canada already benefits more than any other Dominion, though India, with her large imports of tea, benefits the most of the overseas possessions taken as a whole. Canadian automobiles, refined sugar and condensed milk imported into Great Britain under preferential duties last year were valued at more than the total preferential imports from any other Dominion.

It is also felt among the Canadian delegates that changes in the proposed duties on manufactures, tobacco and other goods, may do something to stimulate tobacco growing in Canada. India, being the chief beneficiary under the existing preference, would lose an additional advantage under the new offer.

COUNTER-PROPOSALS

Interest now centres in counter-proposals which may be made by the different Dominions. It is anything but a foregone conclusion that any of them will be suggested as a quid pro quo by any of them.

The British offer, as suggested a week ago, does not vitally enlarge the range of articles at present dutiable. Major foodstuffs, such as wheat and meat, are untouched, and the Baldwin Government is not attempting to make any revolutionary changes in the British fiscal system. Nevertheless the offer seems likely to be the prelude to serious fiscal controversy which has been threatening for a long time.

Bruce's Attitude

Premier Bruce retorted the conference yesterday that the Dominions give a preference to British manufactures amounting to £10,000,000 or £11,000,000 a year for which these British preferences were an exceedingly small return. "We might add," he said, "that they are all partial, for they hardly touch the Dominion of Canada. What may be said of them is that they are a beginning, all too timid, still a beginning of a new and hopeful policy in which the British politician will be forced by circumstances and public opinion to go a very great deal farther."

Bruce's Mission

The sweeping proposals of Premier Bruce, which would involve a complete change in the British fiscal system are the subject of wide comment today. On the one hand he is attacked as calling for a full-blooded policy of protection, against which the Baldwin Government's offer must appear utterly inadequate. On the other hand, he is reported as coming to the Empire Conference with a mission and a challenge.

"Vague sentimental talk, non-committal decisions and elaborate discussions on secondary subjects such as have served for previous conferences will not satisfy him," comments The Daily Mail with reference to the conference.

TENDERS BEING CALLED FOR NEW OFFICE BUILDING

Dominion Astrophysical Observatory Will Have New Offices Here

Tenders are being called by the Dominion Government for the construction of an office building for the Dominion Astrophysical Observatory here. Plans and specifications have been made and can be seen at the chief architect's office in the Department of Public Works.

October 25 is the date given for acceptance of tenders. Another contract for which tenders are being called is for the building of a boom at Ragged Island, B. C. and for anchorages at Grief Point in the Comox-Alberni district.

PLANS ANOTHER POLAR AEROPLANE FLIGHT ATTEMPT

CAPT. ROALD AMUNDSEN

In 1924 another attempt to fly across the North Pole will be made by Capt. Amundsen if his present plans are carried out. The planes he will use will be all-metal monoplane constructed in Germany for easy forced landings on ice, snow or water. His present plans call for the chartering of a steamer to take the party close to the ice wall north of Spitzbergen, whence the flight will start.

HUDSON'S BAY SHIP AT PRINCE RUPERT FROM FAR NORTH

Prince Rupert, Oct. 10.—The Lady Kindersley, commanded by Captain G. Foeltner, will reach Prince Rupert late this afternoon, according to wireless advices. The vessel is returning from her annual supply trip to Hudson's Bay Company posts on Coronation Gulf. One member of the crew, whose name was not given, is reported to be suffering from head wounds and internal injuries.

LIQUOR MADE ON RUM FLEET OFF U.S. COAST

New York, Oct. 10.—Federal agents yesterday announced they had discovered evidence to support their theory that synthetic liquor was being concocted, bottled and cased aboard the rum fleet off the Atlantic coast, to be sold at top notch prices to runners as genuine liquor.

STENGEL'S HOMERUN GIVES GIANTS FIRST VICTORY IN SERIES

Centre Fielder Knocks Ball Into Bleachers in Ninth Inning When Score Tied at Four All; Two Out When Mighty "Casey" Came to Bat; Hoyt and Watson Knocked Out of Box

New York, Oct. 10.—Casey Stengel's high drive which went into the left field bleachers in the first half of the ninth inning gave the Giants the first game of the 1923 world's series. After making a game fight the Yankees had to once again bow their heads to their hated rivals, the score being 5-4.

The teams went into the last inning with the score sewed up at four all. Two of the Giants had been retired when the mighty "Casey" strode to the bat. The fans were clamoring for a run as it was getting dark and there was a possibility of the game being called.

Hoyt was pitching great ball and he put everything on the ball. Stengel picked out a fast ball on the outside and lifted it far and wide and went around the sacks for the run which won the game. Kelly, who followed, made the third out for the Giants.

The Yankees were unable to get far against the masterly pitching of Ryan in their half of the ninth and the third out was made without a man getting to second.

Hoyt Knocked Out

Waite Hoyt, the Yankee's boy wonder, went on the mound for the Yankees, but after the lambasting he received in the third inning he was yanked by Manager Huggins and Joe Bush went in to toss up the fork-ball to the Giants. Bush is credited with the loss of the game.

Yankees Started Well

The Yankees got away to a flying start in the first inning when Ruth scored on a double by Bob Meusel. They waded into Watson's offerings in the second and three hits propelled two more runs. Witt's timely single to centre, driving in Ward and Schang, both of whom had previously singled. This attack spelled the end of Watson and he was replaced in the next inning by Ryan, the Giants' leading pitcher this year.

The Giants turned on the offensive with a savage and long drive which General Dugout at Dusseldorf was given a clean bill by the Government during the Reichstag debate on the authorization bill. The Chancellor, Dr. Brüning, Minister of the Interior, formally announced the Government's authorization bill, giving him wide authority in the dictation of measures for economic rehabilitation. The indication was that they hoped ultimately to defeat the measure through filibustering tactics.

A Clean Bill
Hugo Stinnes and the other Ruhr industrialists who confessed last week with General Dugout at Dusseldorf were given a clean bill by the Government during the Reichstag debate on the authorization bill. The Chancellor, Dr. Brüning, Minister of the Interior, formally announced the Government's authorization bill, giving him wide authority in the dictation of measures for economic rehabilitation. The indication was that they hoped ultimately to defeat the measure through filibustering tactics.

The Chancellor was apprised of the purpose of the industrialists' mission, however, he continued the Minister, and also was given a clean bill by them of the outcome of their discussion with the French commander in the Ruhr immediately upon their return to Berlin.

Programme Considered
Regarding the programme submitted yesterday by the industrialists, comprising ten points, the adoption of which they deemed necessary in order effectively to restore the Ruhr economically, Dr. Brüning declared the Government had taken this advice and referred it to various committees for consideration, deferring action until Paris and Brussels. The Government has taken this advice and referred it to various committees for consideration, deferring action until Paris and Brussels.

Competent quarters here deny the report circulated that General Dugout gave the visiting industrialists the cold shoulder.

Progress in Ruhr Causes Optimism Among the French

Paris, Oct. 10.—French official circles are frankly optimistic over the situation in the Ruhr for the first time since the announcement in Berlin of the cessation of passive resistance. An accord signed between the French Commission of Mine Control and representatives of the German Government providing for the immediate resumption of coal deliveries on the reparations account, regarded as a real step toward solution of the reparations tangle.

Twenty German business houses have already applied to the Allied Commission for the export of goods, indicating their willingness to pay the export tax of twenty-six per cent. stipulated by the Allies.

Reports from the occupied territory indicate that the railroad employees soon will follow the miners back to work, when it is said, the Allies will consider the passive resistance to have been effectively terminated. It is thought likely also that Chancellor Stresemann of Germany will then be heard from on a new proposal for a reparations settlement.

TORONTO GREETED LLOYD GEORGE

Thousands of School Children in Throngs in Streets

Ex-Prime Minister Keeps Big Audience Waiting

Toronto, Oct. 10 (Canadian Press)—First impressions of Toronto presented to Right Hon. David Lloyd George and his party were tumultuously suggestive of coming generations. Thousands of school children, released from school to see Britain's distinguished war Premier, lined the route from the Union Station to the place of his first appointment here this morning and greeted him.

Mr. Lloyd George and his party arrived about 8 a.m. and after a preliminary reception by the civic and Ontario provincial authorities, motored to the Christie Street Permanent Military Hospital, where hundreds of entirely disabled and partly incapacitated soldiers were quartered. Following the visit the party proceeded to the City Hall, where the formal civic address was ready by Mayor Maguire in the presence of a large throng.

Toronto, Oct. 10.—Scheduled to speak at a public meeting at Massey Hall at 3 o'clock this afternoon, Right Hon. David Lloyd George did not put in an appearance until one hour later. The great throng of the orchestra entertained the great audience with selections, and when these ran out Madame Clara Butt, who was in the hall, was called on and sang "Land of Hope and Glory."

LAPORTE SPEECH TO BE BROADCASTED

Minister's Address Here Will Be Carried by Radio Over Big Radius

Hon. Ernest Lapointe's speech at the Royal Victoria Theatre here to-morrow night will be broadcasted by radio over a radius of 1,700 miles, it was announced to-day. Arrangements for broadcasting the address of the Federal Minister of Marine and Fisheries have been made by the Western Canada Radio Corporation and the B. C. Telephone Company.

Mr. Lapointe and his wife will arrive here Thursday morning accompanied by Mr. Langlois, the Minister's secretary; Alexander Johnson, Deputy Minister of Marine and Fisheries, and Mr. Fraser, engineer of the Department of Marine and Fisheries. Mr. Lapointe will go into conference immediately with Hon. T. D. Pattullo, provincial Minister of Lands, on departmental matters, and will also meet officials of his own department here. On Thursday afternoon he will go for a motor drive around the city in the evening at 8 p.m. he will speak at the Royal Victoria Theatre under the auspices of the Victoria Liberal Association.

On Friday Mr. Lapointe will address a meeting of the Canadian Club in the Empress Hotel at noon.

Mrs. Lapointe will be entertained here by the Women's Liberal Association at tea to-morrow afternoon.

OBJECTS TO VOTERS' LIST

Winnipeg, Oct. 10.—Ald. A. A. Hume, leader of the New Winnipeg by-election, was granted leave yesterday to apply for a writ of mandamus against Judge Dawson, officer in charge of revision and J. K. Morton, returning officer, in respect to the use of the 1921 voters' list in the election.

Mr. Hume contends that the list is too far out of date to serve as a proper basis for the election, and wants the 1923 liquor referendum list used.

The application will be argued next Wednesday afternoon.

DEATH REMOVED WOMAN WELL-KNOWN IN COAST CITIES

New Westminster, Oct. 10.—The death is announced of Mrs. Phoebe Cave-Brown-Cave, well known in social and musical circles in Victoria, Vancouver and New Westminster. Mrs. Cave-Brown-Cave had been an invalid for some years.

PEOPLES URGED TO HAVE BROAD WORLD OUTLOOK

Toronto, Oct. 10.—The keynote of the opening session yesterday of the Canadian Congress of the World Brotherhood Federation in Massey Hall was an appeal for an international outlook on all matters and a warning against the evils that a narrow provincialism tend to produce. Two hundred delegates attended the congress, including William Ward, of London, Eng., the president of the Federation, who opened the congress with an address on "The World Vision."

TEN PER CENT. CUT IN PRAIRIE GRAIN RATES TO B. C. COAST POINTS

Reduction to Aid Export Trade Ordered To-day by the Federal Railway Commission; Hon. Frank Oliver Favors a Greater Cut Than Was Granted

Ottawa, Oct. 10 (Canadian Press)—By a majority judgment, the Board of Railway Commissioners to-day ordered a reduction of ten per cent. in the rates on grain for export to Pacific Coast points. Hon. Frank Oliver dissented from the opinion of the Board, which was concurred in by the Chief Commissioner, Hon. F. B. Carvell, Assistant Chief Commissioner McLean, Deputy Commissioner Nantel and Commissioners Boyce and Lawrence.

The effect of the reduction in rates effected by the decision of the Board will make the rates from Edmonton and Calgary 22½ cents per 100 pounds. Other rates east of these points will be reduced accordingly, maintaining their present relationship. The new tariffs under the order of the Board are to become effective on October 22.

This judgment by the Railway Commission follows upon the action of the Governor-in-Council in referring the grain export rates from the prairie provinces west to the Board for action.

Routes Compared
The majority of the board held that the Crow's Nest Pass rates could not be accepted as the basis for grain rates in any part of Canada, except in the territory between the mountains and the Great Lakes, eastward, as set forth in the special agreement of 1897 and arrived at its decision by a somewhat lengthy comparison of important routes in other parts of Canada and in the United States where grain is moved in large quantities. These routes include Fort William to Georgian Bay points, Montreal, Minneapolis to New York, Buffalo to New York, etc., all of which are kept down by water competition.

The rate established in the judgment, while not as low as the general Crow's Nest basis, is stated to be far below the standards referred to on other eastern parts of the continent.

Favors Lower Rate
The text of Commissioner Oliver's dissenting judgment is not yet available, but it is understood that he favored a greater reduction in rates.

BOY KILLED IN MOTOR ACCIDENT

Island Highway Fatality Reported to Provincial Police

That a serious accident had taken place on the Island Highway near Mill Bay with the loss of one life was reported to the Provincial Police at daylight this morning. The report states that a boy had been killed as the result of a motor accident in which a car had overturned.

Inquest on the remains opened at Mill Bay this afternoon. Senior Constable W. J. Wilkie and one officer of the Provincial police drove up to attend the inquest. The circumstances were reported by Provincial Constable Kier of Duncan.

B. C. E. R. CARMEN ACCEPT PROPOSAL OF CONCILIATION BOARD

Vancouver, Oct. 10.—There will be no strike of street railway employees in British Columbia.

By a vote of 907 in favor of accepting the award of the conciliation board to 261 against, with only two spoiled ballots, the employees of the system in Vancouver, Victoria and New Westminster informed their leaders that there would be no mandate given for a general strike.

Announcement of the vote was made by W. H. Cottrell, chairman of the advisory board of the employees, after a specially called meeting of the board had counted the ballots to-day.

ONTARIO TO RAISE \$40,000,000 LOAN

Arrangements Made With Syndicate, Provincial Treasurer Announces

Toronto, Oct. 10.—Following the successful marketing of the Dominion of Canada loan, which was so extensively over-subscribed, the Province of Ontario has arranged for a syndicate to handle a \$40,000,000 loan. In a statement just issued, Provincial Treasurer W. H. Price announces the conclusion of arrangements with a strong syndicate to handle \$40,000,000 Province of Ontario five per cent. bonds due at the end of twenty-five years.

\$200,000 FIRE IN QUEBEC VILLAGE

Stores and Houses in St. Felix de Valois Destroyed

Lacking Equipment, Men Formed Bucket Brigade
Joliette, Que., Oct. 10.—Damage totalling \$200,000 was done last night by a conflagration that devastated the village of St. Felix de Valois, several miles from here. It was learned to-day. Twelve stores and houses were reduced to cinders. The losses are only partly covered by insurance.

Over 500 Uses GILLETT'S PURE FLAKE LYE

It is best for cleaning and disinfecting sinks, drains, closet, bowls, etc.; for softening water, making your own laundry soap; cleaning floors, greasy pots and pans, etc.; for removing old paint, destroying vermin, etc. Full directions with every can. Be sure you get the genuine Gillett's FLAKE LYE. Substitutes are usually costly and unsatisfactory.

MANSLAUGHTER CHARGE OPENS

Arthur Thorpe on Preliminary Hearing in Oak Bay Court

The preliminary hearing of the manslaughter charge resting against Arthur Thorpe, held by the police as the driver of the car in which the late Thorwald Birland was riding when he was fatally injured on Beach Drive Thursday evening last, opened in the Oak Bay Police Court this morning.

C. L. Harrison acted for the Municipality and R. C. Lowe for the accused. Thorpe appeared in the dock with his head swathed in bandages. After hearing evidence of a formal nature the proceedings adjourned to be continued at 4 o'clock this afternoon.

First on the witness stand, Dr. John H. Moore, stated that the victim of the fatality died as the result of a fracture at the base of the skull. The vomitus before death revealed traces of liquor, said witness. Death took place at 4 o'clock on the morning of October 5.

Robert Fowler, municipal engineer for Oak Bay, identified a scaled plan of the accident site, and estimated the weight of rock said to have been dislodged in the impact, and measurements as to wheel marks. About sixty cubic feet of rock, or approximately 11,500 pounds had been displaced, said witness. Witness considered the road safe at this point, save under extraordinary circumstances such as fog and darkness.

Chief John Syme, of the Oak Bay police told of being called to the scene about 1:40 p.m. on October 4. He found, said witness, a badly wrecked car, that two passengers had been taken to hospital, and saw the accused and others at the scene. Witness found the accused excited, injured, but not intoxicated.

Witness said he found broken glass in the car, the neck of a beer bottle, and two stoppers. Witness said he found rock scrapes on the two right hubs of the car.

When notified of the death of Birland, witness arrested the accused who volunteered the statement, "I expected you to call," and stated he had heard of the fatal result of the accident, and was expecting arrest. Witness reported the rider brought in by the coroner's jury to the Oak Bay Council, but the Council, on inspecting the scene, deemed the road safe.

In cross examination, Chief Syme reiterated that he would not feel inclined to say the accused had had liquor, and admitted his shaky condition might have been the result of injuries from which he was then suffering.

James Axon, permit-writer of the Johnson Street Government vendor's store, declared the accused entered those premises on the afternoon of October 4.

Miss Clara Powell, assisted by her pupils, will give a professional concert in St. John's schoolroom, Thursday evening, Oct. 11, at 8 o'clock.

Women's Canadian Club—Special meeting Empire Hotel Friday, October 12, 3 p.m. Speaker, Mrs. Lillian Burkhardt-Goldsmith, of Los Angeles. Soloist, Miss Vivian Bughaw.

THIRTY-THREE OUT FOR COMPTROLLER

Last Minute Application From Moncton is Received

Several late applications for the position of City Comptroller received since the official closing date Monday noon, have brought the total number of applicants for the position up to thirty-three. The last application received to-day was from Moncton, New Brunswick, making the names of representatives of the whole of the Dominion. Although the last few applicants have delayed before the date when the last was to be closed, no hard and fast rule will be set eliminating them from consideration should they be considered men of exceptional ability, worthy of consideration.

When the final choice will be made is a matter of conjecture, but it is doubtful if the council will be able to reach a decision Monday. The committee may need the number of applicants for the position to be passed upon by the finance committee, which meets Monday, unless they decide to call an earlier meeting. The committee may need the number of applicants for the position to be passed upon by the finance committee, which meets Monday, unless they decide to call an earlier meeting.

The qualifications of the officials are being tabulated for greater convenience in reaching a decision. One thing is certain, is that the tabulation will reveal that among the thirty-three applicants a good number have no qualifications at all. It is explained at the City Hall to-day.

LATE MRS. ARGYLE WAS SURVIVOR OF OLD CROWN COLONY

Mrs. Ellen Argyle, a pioneer resident of British Columbia who passed away at the residence of her daughter, Mrs. E. H. Armstrong, in Vancouver on Sunday morning, was laid at rest in the family plot, Ross Bay cemetery, yesterday afternoon.

The late Mrs. Argyle was born in Halifax, N. S., eighty-seven years ago, the second daughter of the late Samuel and Elizabeth Tufts. She came to British Columbia in 1862, making the long journey by way of Panama, and in the following year she was married to Thomas Argyle, of the Royal Engineers, stationed at Sapperton, near Westminster.

In 1867 Mr. Argyle was appointed chief keeper of the Race Rocks light-house, ten miles south of Victoria, and Mrs. Argyle was installed at the place as matron. She was consequently in the employ of the Government as well as her husband, and at the time of her death she was probably the last survivor of the old crown colony servants in British Columbia.

She resided at the late Mrs. Argyle's residence, 1425 Quadra Street, at 2:15 o'clock, when the Rev. P. A. Chadwick, M.A., of St. John's church, officiated. The hymns sung were, "Jesus, Lover of My Soul" and "Abide With Me." There were many old-time friends present at the service, and many bright floral tributes covered the casket.

The following acted as pallbearers: Messrs. H. Helgesen, T. Helgesen, J. Foster, F. Shakespeare, L. Whitlaw and T. Stottard.

The funeral took place at the late Mrs. Argyle's residence, 1425 Quadra Street, at 2:15 o'clock, when the Rev. P. A. Chadwick, M.A., of St. John's church, officiated. STENGEL'S HOMERUN GIVES GIANTS FIRST VICTORY IN SERIES

(Continued from page 1.)

Typing run. Extra base-hitting turned in the tally. Bush rapping out a single and a home run chasing him home with a triple.

In the ninth came the screeching blow of Stengel's which won the game for the Giants. The teams were:

Giants—Bancroft, ss; Groh, 3b; Frisch, 2b; Young, rf; E. Meusel, cf; Kelly, 1b; Gowdy, c; Watson, p.

Yankees—Witt, cf; Dugan, 3b; Ruth, rf; R. Meusel, cf; Pipp, 1b; Ward, 2b; Schang, c; E. Scott, ss; Hoyt, p.

Umpires—Evan's, American League, at the plate; Hart, National League, at first base; Nallen, American League, second base; O'Day, National League, first base.

First inning. Giants—Bancroft singled to left, Groh singled into centre on the first ball pitched. Frisch forced Groh. Young up. Frisch out stealing. No runs, one hit, no errors.

Second inning. Giants—Bancroft singled to left, Groh singled into centre on the first ball pitched. Frisch forced Groh. Young up. Frisch out stealing. No runs, one hit, no errors.

Third inning. Giants—Kelly singled into centre, Gowdy got a base on balls. Kelly scored. Bancroft scored on Kelly's throw. Young up. Frisch out stealing. No runs, one hit, no errors.

Fourth inning. Giants—Meusel up. Stengel walked. Kelly hit into a double play, Scott to second and Pipp. No runs, no hits, no errors.

A Peculiar Double. Yankees—Schang walked. Scott up. Snyder almost picked Schang going to third. Witt hit into a peculiar double-play, Ryan to Groh to Frisch. Witt was trying to make second while Schang was being run down. No runs, one hit, no errors.

Fifth inning. Giants—Snyder filed out to Witt. Ryan was a strikeout victim. Bancroft sent a high one to Witt. No runs, no hits, no errors.

Yankees—Dugan sent a long fly to Meusel. Ruth shot a long hit into the left field for three bases. He made it by fast baserunning. Meusel filed to Frisch and Ryan was thrown out at the plate. Frisch made a great throw to Snyder. No runs one hit, no errors.

Sixth inning. Giants—Groh went out. Ruth to Ward to Pipp. Frisch walked one to Ruth. Young stroked to first. Meusel up. Schang threw into right field to get Young who dashed to second. Bush threw out Meusel at first. No runs, no hits, no errors.

Seventh inning. Giants—Stengel got a single into right. Kelly hit into a double-play, Scott to Ward to Pipp. Snyder churned the air and the inning was over. No runs, one hit, no errors.

Eight inning. Giants—Ryan up. Ryan filed a single over the middle base. Witt flew out to Meusel. Dugan got a double into left and Bush scored. The official scorer gives Dugan a three-run homer. Ruth up. Kelly took Ruth's grounder and Dugan was thrown out at the plate. Kelly to Snyder. Meusel up. Ruth was almost picked first. Meusel filed out to Young. One run, two hits, no errors.

Ninth inning. Giants—Cunningham went in to centre field for the Giants. Bush up. Groh threw out Bush at first. Bush kicked and Umpire O'Day ordered him back to the bench. Witt up. Witt filed to Cunningham. Dugan filed to Meusel. No runs, no hits, no errors.

Totals. Batted for Watson in third. Batted for Gowdy in third. Batted for Bentley in third.

CANADA MAY SUGGEST CHANGES IN BALDWIN'S PREFERENCE SCHEME

(Continued from page 1.)

to Premier Bruce. "He knows that the Empire and this country are up against realities this time—the very grimness of grim realities—and he means to get something done, something definite and practical and of immediate benefit."

The terms of the British Government's offer of an increased and stabilized preference for the Dominion in the British market are:

Dried fruit—At present dried figs, raisins and plums, which include apricots, are dutiable at a rate of 10 shillings and 6 pence per hundredweight.

The British preference now given is one-sixth. The British Government proposes under the new offer to admit these goods duty free when produced within the Empire.

Under the present British customs tariff dried currants are dutiable at the rate of 2 shillings per hundredweight. Empire products getting a preference of one-sixth. Now under the treaty with Greece, the British Government is under certain obligations to admit to Empire currants, and is also prepared to consider what increase in duty on foreign currants may be proposed to make the preference effective.

At the present there is no duty on any other dried fruits, but while continuing to admit such Empire dried fruits free, the British Government proposes to impose a duty of 10 shillings per hundredweight on such foreign dried fruits as apples and peaches.

Preserved fruit—Except for the fruits named above which are dutiable as such when containing sugar it is proposed in addition to such duty on sugar content to impose an all round duty of 5 shillings per hundredweight on particular forms of preserved fruit not at present dutiable, and to admit Empire fruit free. Preserved fruit will include canned fruit, which is of particular interest to Canada.

Sugar—At present sugar is dutiable according to a scale dependent upon polarization with a basic rate of 25 shillings, 4 pence per hundredweight. The Empire preference is one-sixth. While unable to offer an increase in its preference on sugar, the British Government is prepared to see sugar duties are now high, to guarantee that if the duties are reduced, the preference shall not, over a period of ten years, fall with them. The British Government is making two alternative proposals—First, it is willing to stabilize the existing tariff over a term of years as in the case of sugar, or is prepared to increase the preference from one-sixth to one-fourth on unmanufactured tobacco.

AT THE THEATRES

DRUG EVIL IS THEME OF PLAY

Pantages Presents Lillian
Burkhart in Dramatic Play;
Other Features

"Let us be as patriotic in our fight against narcotic drugs and the dope traffic as we are in the time of war, and there will be little doubt that we shall have victory on our side." This was the appeal that Lillian Burkhart made at the conclusion of her dramatic play, at the Pantages last night in which she depicted the evils of the dope traffic.

The methods of the "dope peddler" were portrayed in this one-act play. The most common is to make chocolates containing the drug and give them away. The development from this stage is easy to follow. The act deals with the life of a widow whose late husband left great hopes for his son. On the way to give a lecture against dope traffic, a society woman's car breaks down outside a reputed haunted house. She remains in the house while the car is being fixed. There she finds her son, who is a dope fiend. The place is no other than a rendezvous for dope peddlers. She discovers this fact, and succeeds in capturing the entire gang.

The remainder of the Pantages bill is equally as good as the feature. Johnny Rose in "All by Himself" is one of those individual performers that cause so much fun. Witty songs, jokes and parodies are included in Johnny Burns' act. Rhoda and Broshell, wondrous of wind instruments, appeal in a unique performance. Opening the bill the usual film comedy is shown.

PLAYHOUSE

The Compton Comedy Company will to-night present "She Stoops to Conquer," the well-known old English costume comedy, in four acts, by Oliver Goldsmith. Booked for already been heavy and lovers of classical drama will be well advised to book early for the balance of the week. Rated as one of the gems of English literature, it cannot fail to impress all who witness it, and a really delightful evening entertainment is assured, the sparkling wit and humor running through the entire play leaving no room for dullness.

Mr. Francis Compton will play Tony Lumpkin, his well-known versatility assuring ample justice to the part in which his father, Edward Compton made such a great success for many years. Miss Peggy Dundiff has a charming part as Kate Hardcastle, which her delightful vivacity will show to advantage. Miss Dorothy Clancy is a newcomer who the company, with long list of London successes, who, it is felt, will be a great asset to the company.

WELCOME RELIEF

Although it cannot be taken to have specific relation to the major question of the equalization of freight rates, the announcement which comes from Ottawa this morning, to the effect that a reduction of ten per cent. has been ordered in the rates on grain for export to Pacific Coast points, will be received in British Columbia generally and on the Coast particularly with considerable satisfaction. It will be recognized, of course, that the Board of Railway Commissioners have reached the conclusion that at least this much relief is necessary in order that the crop that is now awaiting removal can be distributed with every possible dispatch to the markets of the world. In other words this initial concession—vitally affecting Canada's most important exportable commodity—is one that is made, and consequently will be recognized as such, in the national interest. At the same time it should mean a greater volume of grain movement to the Pacific Coast in the immediate future and still livelier activity as the Western ports demonstrate their ability to handle the business. Interest will remain centred, however, in the major principle of equalization—with which the Privy Council still has to deal.

MR. ROBB IS RIGHT

There is no mistaking the point in Hon. Mr. Robb's contention that "it would help all Canada, Montreal, the Atlantic ports, the Pacific ports, and our railways, if we determined that now that conditions in Canada are fairly good, and improving in the Old World, we open the doors for a wider influx of immigration." And most people will agree that "that is what is required to bring greater prosperity to Canada."

While the Imperial Conference is in progress the Minister of Immigration cannot emphasize Canada's need for more population of the right sort too often. The Prime Minister is in the one spot where he can carry out the most effective work in this connection. He can utilize the occasion to put at rest the suggestion which has been bruited abroad to the effect that this country is not as keen to take settlers from the British Isles as she is to take them from foreign states. Canada will welcome all the people that Britain can send her as long as there shall be some intelligence displayed in their selection. The work which awaits on this side of the Atlantic is not for the halt, the maimed and the blind—it is work that demands a considerable amount of courage and resolution and promises prosperity for those who will undertake it.

The whole question of moving some of Britain's surplus workers to other parts of the Empire will certainly form a topic for exhaustive treatment at the gathering that is now deliberating in London. Numerous proposals will be put forward by the Dominion delegates; but it is to be hoped that some co-operative plan will be evolved whereby the young man may be given a rudimentary training in the requirements of rural effort in the Empire and then taken to the land and given a chance to own it on terms that will not burden him from the outset.

Millions of acres of land await the settler in this country. Much of it is valued at prices that will frighten the poor but willing individual. Some way should be found to bring him and that land together even if his whole passage has to be paid and a thirty-year hire-purchase agreement entered into. Only in some such fashion will the opening of the doors "for a wider influx of immigration" be abundantly fruitful in the long run.

WHERE IS OUR FAITH?

People on this Island and throughout the Province generally will learn with considerable satisfaction that the lumber industry of British Columbia for the first eight months of the present year shows an increase of nearly fifty per cent. over the corresponding period of 1922. Orders have been coming in to the mills at such a rate that a large number of entirely new enterprises have been launched in various parts of the Province. Add this already established development and the enormous business now in hand to the obvious demand that will come from Japan, as soon as that unfortunate country has been able to assess its reconstruction wants, and it is not difficult to visualize an extremely busy time ahead.

As it is being frequently pointed out, however, the condition of this part of the country from a commercial point of view would be very different if lumber that is now leaving British Columbia in a more or less virgin state were manufactured here. But until either outside capital can be attracted for investment in industrial enterprises, or until our own people put their dollars to work and reap the manufacturing advantages now enjoyed in parts of Canada that are sending us the finished article, made in many instances from our own raw materials—or materials that could be produced here—the larger payrolls in which everybody would participate directly or indirectly will remain no more tangible than a fond hope.

VERY POOR ON FIGURES

As soon as Mr. Bowser begins to use figures on the platform he invariably gets into a frightful mess and often "loses his place" altogether. Perhaps he does not mean to indulge in wild statements or use statistics that are not correct; rather does it look as if there still lingers with him a youthful detestation of the third "r." But he really slipped badly when he told the people of Prince Rupert that he was giving them a treat at his own expense—that he was defraying the cost of his travel out of his own pocket. To a point, of course, there is a figure of truth in the assertion because he is not in a position to send in a voucher to the Comptroller-General and get his travelling expenses. At the same time he should remember that the people of the Northern seaport know that he is paid \$2,000 a year more than his colleagues in order that, as Leader of the Opposition, he may travel the country. Is this the only new theme with which he can replace the old one of "hammering these fellows over the Bay?"

CAN FARMING BE MADE TO PAY?

Farmers and others directly and indirectly interested in the state of the agricultural industry—which includes nearly everybody in Canada—should read the following news dispatch printed in The Montreal Gazette from Lethbridge:

The Miami farm of 6,000 acres, located in the New Dayton district, has been sold by its Ohio owners to a syndicate of Hutterites for about \$250,000. The manager of the farm announced after the sale was concluded that in the fifteen years of its operations the farm had paid 450 per cent., or an average of 30 per cent., on the investment annually, and the original investment will now be returned as a result of the sale.

It is encouraging in these days of a welter of pessimistic propaganda to learn that there is still somebody in Canada who can make farming pay and is willing to admit it. There can not be very much fundamentally wrong with the country and its basic industry when a properly run farm can average profits of 30 per cent. a year over fifteen years—and then have the original investment returned intact.

Note and Comment

Now Lord Grey of Fallodon comes forward with the suggestion that Europe is sliding towards another war. What a "pleasant" outlook some people have to be sure!

When Papyrus races the best American horse on Friday the price of admission will vary from \$1.50 to \$22. We shall wager that the people who pay admission fee on this occasion will see a great deal more for their money than they did when Dempsey and Firpo exchanged pleasantries.

Under the auspices of the South-Saanish Women's Institute a competition is being held that requires the entrant to describe what he or she would do if he or she had \$25,000. Since we despair of ever having \$25,000 we shall look forward to a description of the sensation that the individual who considers such good fortune as in the realms of possibility would expect to experience.

By the use of the radio Mr. Lloyd George and President Coolidge were enabled to get into unofficial touch on the Hughes proposals for a settlement of the reparations question. We wonder what would happen to Anglo-French relations if the thoughts of the little Welshman and those of Premier Poincare could be transmitted to one another from day to day.

Some Thoughts for To-day

The sufficiency of merit is to know
That my merit is not sufficient. Quarles.

A sentinel angel sitting high in glory
Heard this shrill wail ring out from Purgatory:
"Have mercy, mighty angel, hear my story!"
John Hay.

Through this dark and stormy night
Faith beholds a feeble light
Up the blackness streaking;
Knowing God's own time is best,
In a patient hope I rest
For the full day-breaking. Whittier.

And we shall be made truly wise
If we be made content;
Content, too, not only with what we can
Understand, but content with what we
Do not understand—the habit of mind
Which theologians call—and rightly—
Faith in God. Charles Kingsley.

Our Contemporaries

THE PEACE MIND
Perth Mail, West Australia:—Australia has its part to play in creating that peace psychology throughout the world, which is the only real preventive against international conflict, and that part will not be played if Australia's defence policy is dictated by distrust and suspicion of avowedly friendly disposed nations and neighbors.

THE SLUMP IN IDEALISM
Christian Science Monitor:—It is easy to point to defects in the various treaties made in Paris. They were enormous and obvious. Whether they could have been avoided and anything better contrived amidst the turmoil of passions and ambitions let loose after more than four years of the most terrible war in history, history alone will decide. But the point to note is that if the makers of the settlements were often in the wrong, their opponents everywhere have had no alternative to offer save a return to the methods which had been in operation before 1914. What in practice has happened is that all the victorious powers have in fact reverted to their pre-war practice.

LUMBER INDUSTRY

To the Editor:—I see by last night's Times (Tuesday) that the colossal amount of lumber that has reached 1,459,000,000 feet for the year, as the greater part of this is exported to the States, it would be interesting to know how much the value of that lumber would be if it was all manufactured on this side of the boundary line, and how many men it would give employment to in British Columbia?

WALTER J. DANDRIDGE,
1612 Fell Street.

THE WOOLEN INDUSTRY

To the Editor:—In The Times issue of the 8th I notice what T. O. Aked and his manager, Frank J. Byrnes, of Aked & Co., Ltd., woolen manufacturers, of Toronto, say about starting a woolen industry here. They advise having the fleeces combed and carded by experts in the Old Country. They also state that during their Western tour they have been quite successful in placing a number of orders with the trade and introducing their own goods.

I note that none of the manufacturers from Toronto or Montreal ever advise us to try manufacturing anything on the coast. It is natural for them to want us to purchase the goods in the East, for the full dollar per pound they will get for the goods across the continent that could just as easily be manufactured here. I am acquainted with the proprietors of a woolen factory; started a number of years ago in a town of less than 1,000 people, and with the machinery they have they are able to dispose of their goods all over Canada and mail samples to the trade, occasionally sending out a traveler. If we had started a woolen factory here some years ago we might to-day be supplying Vancouver and Seattle from Victoria woolen mills.

I feel that the remarks of the above named gentlemen are discouraging, if not knocking our proposition a little.

The land here is better adapted for sheep-raising than in the East, as it is more undulating, and the climate such that sheep would cost practically nothing to raise as they could feed out and eat vegetable tops practically all the year round. Furniture manufacturing has also been discouraged here, as some claim that the British Columbia fir is a little soft to work up. The manager of a factory which employs 500 hands, in a little town of 2,000 people in the East, told me he believed that we could make anything in the furniture line from the British Columbia fir.

At the Toronto exhibition a contractor noticed the beautiful grain in the British Columbia fir on exhibition and ordered enough to complete four bungalows. As pine is exhausted in the East why can't we supply the tax in the furniture stores and note the names of the little places away down East such as Hanover, Chesley, Owen Sound, Lindsay, Stratford, Kitchener, etc.? We have all the raw material in British Columbia and should be more independent of the Eastern markets.

MEN TO PROPEL TAXIS

Licenses for Two-Passenger Vehicles Sought in Berlin

Berlin, Oct. 10.—Taxicabs driven by man power will soon be in operation in the streets of Berlin if the municipal authorities grant licenses requested for the new vehicle. It is a sort of velocipede, with seats for two passengers, designed to operate over short distances. The taxicab owners have been hard hit by the mark's decline, as the number of persons who can patronize them grows fewer daily.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, Oct. 10.—5 a.m.—The barometer remains high and fine weather is general from the Coast to the Great Lakes.

NEWS IN BRIEF

The regular monthly meeting of the physical department committee will be held at the Y.M.C.A. on Thursday evening at 7 o'clock.

The general meeting of the British Columbia division of the Canadian Institute of Mining and Metallurgy will be held at Trail October 17.

G. T. Carver, former secretary of the Royal Provincial Jubilee Hospital, has accepted the appointment of office and credit manager for the Shaw Supply Company, operating in Seattle, Tacoma and Portland.

Owing to the unavoidable absence of the director, Rev. T. E. Rowe, and the impossibility of securing a suitable speaker, there will be no meeting of the Guild of Health in the Cathedral Schoolroom on Thursday evening of this week.

The city treasurer is continuing daily the civic tax sale, the properties delinquent under the private acts, where arrears were consolidated, being now under the hammer. The total sum received to date aggregates \$18,175.45.

The regular monthly meeting of the Ward Four Liberals was held last night at Liberal headquarters. Preparations for the general meeting next Tuesday are under consideration. This meeting will be held in the Chamber of Commerce auditorium.

His Honor the Lieutenant-Governor has consented to make the presentation of certificates to local pupils of the Royal Academy of Music at the High School at 3 o'clock to-night. The certificates were awarded at the Midsummer examinations. A short recital will be given.

RESOLUTIONS PASSED

Bakers' and Cakemakers' Section of R.M.A. Met Last Night

At the meeting last night of the Bakers' and Cakemakers' section of the Victoria branch of the Retail Merchants' Association of Canada, it was decided on resolution of Mr. Cornwell and Mr. Richard, to endorse the action of the executive and support them in their action on the personal property tax.

Mr. May, of the National System of Baking, moved a resolution that this section endorse and support any united action that will tend to place a member or members of the R.M.A. branch of Victoria to stand for nomination for the City Council, considering the large amount subscribed to the city treasury in taxes and trade licenses, without representation is not good policy. The executive will deal with this matter next Tuesday. W. S. Norrington presided.

"DIAPEPSIN" ENDS STOMACH MISERY, GAS, INDIGESTION

Instantly! Stomach corrected! You never feel the slightest distress from indigestion or a sour, acid, gassy stomach. You can't get a "Pape's Diapepsin." The moment it reaches the stomach all sourness, flatulences, heartburn, gases, palpitation, pain, disappear. Druggists guarantee each package to correct digestion at once. End your stomach trouble for few cents. (Advt.)

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or Stomach Trouble
OUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well-known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastric ulcers. Don't do an acid stomach with peptic ulcers. Get relief from pain by driving the acid, fermenting food out of the stomach into the intestine.

Instead, neutralize or sweeten your acid stomach with a little hot water and Bisulphate of Magnesia and not only will the pain vanish but your stomach will digest naturally. There is nothing better than Bisulphate of Magnesia to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper soaks up ink. Your stomach acts and feels fine in just a few minutes. Bisulphate of Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive. (Advt.)

Howe, Mrs. Griffith and Mrs. Burnett. Kinlock's three-piece orchestra supplied the excellent dance music.

Under the provisions of the Canada Customs Act, His Excellency the Governor-General in Council, on the recommendation of the Minister of Finance, has extended the British preferential tariff to the Irish Free State, effective October 1.

The Ladies' Aid of the Hampshire Road Church held their regular monthly meeting October 9 at the home of Mrs. Clarke. After the regular business had been transacted it was decided to hold a Thanksgiving supper, November 12, at the church.

In accordance with the request of the local Presbytery for all the churches to observe a week of prayer during the present month, there will be a prayer meeting in the Holywood Presbyterian Mission, Poul Bay, on Thursday evening at 8 o'clock. Rev. Dr. Clay will preside, and the residents of the district are invited to attend.

The thirty-eighth anniversary services of Centennial Church will be held on Sunday next when Dr. Davies Mitchell, charged with failure to return to the scene of an accident, pleaded not guilty. The court imposed a fine of \$10 when it was shown by the prosecution that an accident had taken place in which the defendant's car had hit a bumper torn off by the spokes of another car. Charles G. Brown, a boy while Edmonston people are plodding their way through a "proof" of another proof, the Premier is among the number of citizens who still find a strain in the words of the war. The hearing was remanded to make way for another case.

F. Andrew, H. Bean, F. Fawcett, Mrs. B. Nicol, B. Homer, and Craven were each fined \$5 for minor offenses under the motor regulations in police court to-day. James A. Mitchell, charged with failure to return to the scene of an accident, pleaded not guilty. The court imposed a fine of \$10 when it was shown by the prosecution that an accident had taken place in which the defendant's car had hit a bumper torn off by the spokes of another car. Charles G. Brown, a boy while Edmonston people are plodding their way through a "proof" of another proof, the Premier is among the number of citizens who still find a strain in the words of the war. The hearing was remanded to make way for another case.

EVENTS TO COME

Native Daughters of B.C. Post No. 3, will meet this evening at 8 o'clock in the Victoria Club.

The Victoria British Israel Association will meet at the hall, 1619 Cook Street, on Thursday evening at 8 o'clock, when a paper will be read entitled "What Constitutes the Kingdom." The public are welcome.

The Women's Educational Club of Columbia College will meet on Thursday, October 11, at 3 p.m., at the home of Mrs. J. S. Hopkins, 215 Moss Street. Mrs. Wicks will give an address, on Esperanto, and a good social programme is being arranged. All ladies interested are cordially invited to attend.

Parents of Craigflower School are invited to show their interest in their children by attending the Parent-Teacher meeting in the school on Friday, October 12, at 8 o'clock. This is the annual meeting and a good attendance is requested.

The first debate set for the University School Debating Society will take place on Saturday evening at 8 o'clock in the auditorium at the school. "Resolved that this house favors prohibition of immigration of yellow races into this Dominion," will be the subject of the debate.

A dance has been arranged to take place at the Rex Theatre, Esquimalt, on Wednesday, October 17, at 8:30, in aid of the funds of St. Paul's Lutheran church. Heaton's orchestra has been engaged, and the ladies of St. Paul's W. A. have undertaken to provide the supper. Tickets may be obtained from Rev. F. C. Chapman, Lieut.-Col. F. H. M. Codville, Lieut. Francis, Capt. J. McDonald, Messrs. G. Baugh, Allan, George Phillips, H. M. Bell, Bert Phillips, I. Seeley, J. Porter, J. Dent and Barclay.

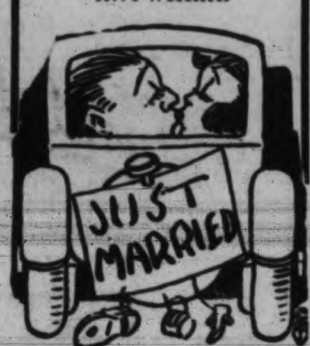

Paris, Oct. 9.—Louis Pasteur's second patient, a man who only for the work of the great bacteriologist would have been dead in 1885, died yesterday. M. Jupille, who was a mad dog thirty-eight years ago. Dying, he was brought to Paris just as Pasteur began to verify his rabies theory. Jupille was taken to him and recovered to serve as part of Pasteur's proof of success.

MERCHANTS PROTEST AGAINST "P.P." TAX

Quote Economists to Show Levy is Absurd; to See Premier

Strong protest against the personal British Columbia property tax was voiced at a meeting of the Victoria executive of the retail Merchants' Association yesterday afternoon. A resolution was passed adopting the views of economists upon the tax. Typical of these is the judgment of Professor Adams of Yale University. "It seems unnecessary to discuss the personal property tax. It has been tried for generations in the United States, and it is not too much to say that nowhere, at any time, over an area of jurisdiction large enough to be significant, has it been well assessed and administered. It has no virtues, and it is highly productive; but with less cost of administration, the tax on profits will be made more productive still, and obviously the profits tax is far more equitable than the tax on personal property. If such a tax (personal property tax) is not already entrenched in the fiscal system, it would be folly to introduce it."

The automotive dealers' section of the association will introduce the question of overlapping of federal and provincial taxes on automobiles. It was stated at the meeting of the executive yesterday.

The provincial executive of the association will confer with Premier Oliver and his Cabinet on the personal property tax next week, it was announced.

Just to sustain the argument that Victoria's climate is unexcelled, H. J. Grake took in to the Publicity Bureau to-day a breath of Summer in the form of a handsome broom. Strawberries displayed were in the stores of Victoria to-day at the moderate price of a penny a box, while Edmonton people are plodding their way through a "proof" of another proof, the Premier is among the number of citizens who still find a strain in the words of the war. The hearing was remanded to make way for another case.

NEW CORONER NAMED

Appointment of Dr. William Brydone-Jack as Vancouver coroner was announced at the Parliament Buildings to-day. He will succeed Dr. Jeffs, who died recently.

MORTGAGE OF CHURCH BURNED

Ceremony Took Place Last Night at St. Paul's Lutheran Church

St. Paul's Lutheran Church passed another milestone last night, when it burned the mortgage with a fitting ceremony and declared itself free from debt. A congregation, which filled the church to capacity, heartily joined in the service making it an outstanding success. The liturgical ceremony was conducted by the pastor, Rev. R. F. Kibler. The preacher for the occasion was the Rev. E. R. Pfeuger, pastor of Christ Lutheran Church, Vancouver, B.C. In the course of his sermon, Rev. Mr. Pfeuger stated that the accomplishment attained was cause for rejoicing and worthy of commendation, and that the promises of God revealed in His Word were sure and certain, leaving no room for fear. He most earnestly exhorted the congregation to remain faithful to the Word and never tire of the Gospel of salvation through faith in the crucified Saviour. Moreover he pointed out that the chief business of the congregation, pastor and people, was to point men and women to the blood-stained Cross that stood outside of the city gates on Calvary. The choir of St. Paul's rendered the anthem "Crossing the Bar" by Nevin-Tennison. Mrs. L. Schmelz officiated at the organ, and Mrs. R. F. Kibler played a violin solo.

A most striking and beautiful feature of the service was the ceremony of burning the mortgage. Three little boys, Wm. Looster, Louis Schmelz and John Hess, clad in white suits trimmed with gold, and wearing crowns in white and gold, were the heralds, one holding the procession holding a large cross and trumpet as it moved from the rear of the church forward, and the other two following. The mortgage was carried in a little white chatelaine in gold, drawn by two little girls, Christine Schmelz and Clara Frazer, and driven by little Beatrice Rose. To the strains of "Onward Christian Soldiers" the procession moved to the front of the church, where they halted. The mortgage was then handed to A. Heaton, secretary of the church, who handed it to the pastor. After a few fitting words it was passed on to Rev. Mr. Pfeuger, who ceremoniously laid it as it was being consumed by the flames. The procession then moved on around the auditorium to the exit. After the service the whole congregation remained for refreshments. The festivities came to a close by singing "God Save the King."

St. Paul's congregation is the pioneer Lutheran church in Victoria. In the early days services were held at intervals in certain halls in the city, but later, in 1885, a church building was purchased, which soon added to the membership, and St. Paul's progressed with a steady increase. In 1911 it was found that the little church building on Mears Street was too small to accommodate the Sunday school and congregation. Consequently the old property was sold and a new site was purchased at the corner of Princess Avenue and Chambers Street. In 1912, in the pastorate of Rev. O. G. Gerlich, a handsome new church was dedicated, and has been used up to the present time. Under the pastorate of the present pastor Rev. R. F. Kibler, the church is nicely progressing, and with the debt cleared away, the pastor and members of the congregation look into the future with confidence.

JUDGE TO DECIDE

Claimants Ordered to Appear in County Court in Support of Claims

To His Honor Judge Lampman will fall the duty of deciding who wins the lowest murder reward of \$1,000 offered by the Provincial Government. In proceedings filed in the County Court to-day W. D. Carter, K.C., on behalf of the Attorney-General, brings a motion for leave to interplead in the matter of the claim of Harry H. Macdonald, Hans Kiewit and Rosville W. Beaumont. The proceedings call for the attendance of all three claimants with their respective counsel before His Honor Judge Lampman in County Court Chambers on October 17, at 10:30 a.m. Messrs. Morehead, O'Reilly and Lowe appear for ex-Detective Harry H. Macdonald; Messrs. Rodwell and Lawson for Hans Kiewit, and Mr. Beaumont in person. Affidavits setting out the substance of the individual claims are appended to the motion asking for the interplead.

The proceedings will be watched with considerable interest as the decision of the City Council to award until the Government has made its award before deciding the fate of the city's \$1,000 offer hangs in the balance.

SPOKE ON PROBLEMS ARISING FROM WAR

Dr. Clem Davies Addressed Royal Society of St. George Last Night

The Royal Society of St. George last night had as its guest and speaker, Dr. Clem Davies, who delivered an eloquent address on the problems arising out of the great war.

The meeting was held in the Conservative Club rooms in the Campbell Building. The president, Dean Quinlan, occupied the chair, and there was a large attendance.

Having spent some ten years of his life in the United States, the speaker said he was proud to be of English birth, and more proud of the eminent position occupied by Great Britain as a world leader. Some people could only see the enormous financial losses which have come as a result of the war, but the speaker said all had not been lost. "Hope is not dead, the unconquerable will of the British Empire is not dead, because, true to our traditions, we saved our soul in saving the world from German tyranny. Britain to-day has tenfold more problems to handle than any other single nation, and I am glad that my country is standing erect to-day during this era of adversity. The morale of England is still intact. These are tremendously trying times in which we live. We must speak out those things we believe, and no man who aspires to leadership has any hesitancy to be a mere phonograph. We must be ahead of the people, if we would lead them. It is a false optimism to say, in the words of the war, 'God is in his Heaven, all's right with the world' because all is not right with the world. The world has collapsed. The speaker went on to liken the days in which we live to the period of 70 A.D. when Jerusalem was besieged by Titus, and the temple was destroyed. "Is there any better use that we can make of this great catastrophe than to find the unshakable from the shakable? One thing that has been the dominating factor in the last nine years is our superficial optimism. In a ruined Belgium village, all that was left, was a piece of the church wall, where the people were emboldened by the word 'Fides' (Faith). All was lost, but Faith. Religious institutions are being shaken in England and Canada in the United States, and all over the world. Things simply cannot go on as they did before the war. Some of us looked upon the war as a piece of our essential and regarded them as affectionately as did the priests look upon the temple and its altar; yet the new wine of the gospel could not be put in the old bottles of Hebrewism. So now the expression of God in the life of the world cannot be put through one corporate Protestant denomination. In situations must change, but God abides. Our material civilization has been shaken. We were so proud of this world of ours with its continents banded by steel rails, and all our scientific achievement; but the war proved that what we deemed to be such 'marvelous progress' were but the tools of destruction, as manifested by poison gas, tanks and submarines.

The mission of Englishmen to-day is to see that this thing never happens again, because you can never sanctify this thing by a fulsome flattery of patriotism. The eyes of the young men of to-day are open, and we must adapt ourselves to this new age. Germany to-day is at the feet of France. We have a vision of a League of Nations and a united church. We came back from the war determined to heal those broken wounds.

Witness our country, Great Britain, with her sorrows and her problems, with her dead, subject and King alike, but her morale is not shaken. Her faith in God is unshaken. The spirit of Great Britain is nothing else than the spirit of God translated into the spirit of the people. There is something to tie to."

Dr. Clem Davies was loudly applauded and a vote of thanks was heartily tendered to the speaker for his original, thoughtful and inspiring address.

The society went on record as voicing its deep respect and sorrow at the death of Comrade C. T. Cross, who has for so many years taken an active interest in the Royal Society of St. George, as an officer. This was very fittingly expressed by the mover of the resolution, Alderman John Harvey, and seconded by Mr. Deaville; also that a suitable letter of sympathy be sent from the society to the bereaved family.

Several excellent musical items were rendered by Messrs. Bryant and Deaville.

Mrs. Loach announced that silver tea will be held at her residence, 1123 Hilda Street, on October 17. The next meeting of the society will be held on October 23.

The District W. C. T. U. will meet in the Y. W. C. A. Friday afternoon at 2:30, when a good attendance is expected.

KENNECOTT ASHORE
ON HIPPA ISLAND

Did Not Strand on Frederick Island as First Reported
Digby Island Advice Gives Position; Algerine Ready to go Out

The motorship Kennecott is not aground on Frederick Island, but is stranded on Hippa Island, which is off the west coast of the Queen Charlotte Islands, according to a message from Digby Island to the Gonzales wireless station at 2:20 o'clock this morning.

The message from Digby Island states, "Spoke Kennecott, which gave her approximate position as 53° 25' N. 131° 10' W. on Hippa Island, not Frederick Island, as first reported."

This later message accounts for the previous message from the steamer Cordova, which stated that she had been cruising off Frederick Island with the steamer Surveyor and revenue cutter Unalga, and could find no trace of the motorship Kennecott.

Steaming South
The steamer Cordova and the Unalga, joined by the Surveyor, of the United States coast geodetic survey, continued south from Frederick Island, and, according to radio messages, in the hope of finding some sign of the Kennecott.

It is expected that these vessels have picked up the Digby Island advice and will rush southward to Hippa Island to the assistance of the stranded vessel.

The Pacific Salvage Company's stand by in readiness to go to the aid of the Kennecott.

Everything is in readiness to make a quick trip to the Queen Charlotte group.

STANLEY DOLLAR IS PROCEEDING TO SAN FRANCISCO
Has Fire in No. 3 Hold, But Does Not Need Assistance, Radio Says

San Francisco, Oct. 10.—The steamer Stanley Dollar, which sent out radio distress signals last night, after fire was discovered in No. 3 hold, when the vessel was about 600 miles west of this port, is rushing back to San Francisco to-day.

An offer of aid from the Cambria later was refused by Captain H. W. Wilke, of the Stanley Dollar, who announced in radio advice received here that he was returning to this port. Steam had been turned into the No. 3 hold in an effort to quench the fire, he said. The cause of the fire is not known. The vessel carried a crew of thirty men.

First Signal
First signal of distress from the Stanley Dollar was picked up by the Estevan wireless station and relayed down to Gonzales wireless station last night. The S.O.S. stated the Stanley Dollar was a fire in the Pacific. Ships, however, that later established communication state that she did not require any assistance.

The first report was received at 8:56 p.m., the ship giving her position in lat. 37° 30' north, long. 135° 15' west. This is off San Francisco. The news of her plight was broadcast by the radio stations at Estevan and San Francisco at 9 o'clock.

At 9:25 p.m. the British Columbia stations heard the steamer La Cienfuegos, in lat. 34° 12' north, long. 132° 34' west, ask the Stanley Dollar: "Do you require assistance?" She was approaching 160 miles E.S.E. of your bound Kobe. We are steering for your position. What is your course and speed?" The message was signed Roberts.

At 9:50 p.m. the Stanley Dollar replied: "Do not require assistance at present. Possibly fire will be under control in few hours. Will keep in touch with you."

The Stanley Dollar is an American steamer, bought by the Robert Dollar Company a year ago. She was formerly the Warszawa. She is a big cargo ship of 4,170 net tons. Her commander is Captain Wilke. She left San Francisco on Saturday for the Orient. The vessel is used in the round-the-world service of the Dollar Line.

DEBUILT IN B.C.

Committee of Esquimalt Board of Trade to Interview Yarrow, Ltd.

Co-operation of the Victoria Chamber of Commerce Will be Sought

At a meeting of the Esquimalt Board of Trade at the Sailors' Club last evening, R. H. Pooley, M.P.P., and Reeve Lockley, were appointed a committee to interview Norman Yarrow, of Yarrow, Ltd., in regard to the feasibility of building the two new ships for the Canadian Pacific Railway in British Columbia. The committee was instructed to enlist the co-operation of the Chamber of Commerce, and to make every effort to convince the Canadian Pacific Railway officials that Pacific coast yards should be given an opportunity to bid on this work.

The petition to the Provincial Government to expand the service of the Information Bureau was again brought up for discussion. It was explained that this petition had been sent by the Chamber of Commerce to all Boards of Trade in the Province. The secretary was instructed to write to the Chamber of Commerce, stating that while the board does not wish to oppose any effort to secure tourist business, it will not endorse the petition, the feeling being that more work should be done to increase manufacturing and trade on the Pacific coast.

The board was informed by a letter from the secretary of the Associated Island Boards of Trade, that the resolution urging that legislation be enacted to curtail the employment of Oriental labor in the lumber industry, was referred back by the convention. The meeting was strongly in favor of keeping this question before the public, and it was said that Esquimalt men were now working on British Columbia logs in sawmills in Washington, U.S.A., manufacturing lumber which was imported and sold in competition with local product. As these men were earning higher wages than they could earn in British Columbia it was felt that an effort to discourage conditions for Canadian labor should be continued.

F. Cooke, chairman of the entertainment committee, reported that arrangements had been made to hold a banquet in the Sailors' Club on October 26. Invitations will be sent to the industrial groups of the Chamber of Commerce and Victoria Brotherhood, to the Sidney Board of Trade and to other organizations.

The meeting was unanimous in approval of the suggestion that the Esquimalt memorial to fallen soldiers should take the form of a recreation park, in which a memorial would be erected in a conspicuous position. It was proposed that the guns should be transferred from the Lamson Street School, and also that seats should be placed where spectators could watch the games. The chair was taken by Reeve Lockley.

VESSEL MOVEMENTS

Tacoma, Oct. 9.—Arrived: Forest King, Seattle; Henry S. Groves, New York; Princess Maquinna, Victoria; Berenger, Hongkong; London Shipper, Vancouver; Sailed: Shidzuka Maru, Kobe; John C. Kirkpatrick, San Pedro; F. J. Luckenbach, Seattle; Princess Maquinna, Victoria.

Seattle, Oct. 9.—Arrived: Admiral Rodman, Bellingham; Admiral Nicholson, Southeastern Alaska; Libby Main, Alaska; Sailed: Panama, Alaska; Walter A. Luckenbach, Tacoma; Hakata Maru, Vancouver; Colusa, Port Ludlow; Admiral Nicholson, Ketchikan.

San Francisco, Oct. 9.—Arrived: Horace Luckenbach, Boston and New York; Innerth, Barry. Sailed: Moshup, San Francisco; Scandinavian ports; Trinidad, Halc, San Pedro.

San Francisco, Oct. 9.—Arrived: La Purissima, Astoria; Neponset, Loch Katrine, Wallingford, Astoria; Maura, Honolulu; President Lincoln, Hongkong; Shabonee, Kobe; Commercial Pathfinder, Everett; Sailed: Charles Christensen, Aberdeen; Charles Watson, Seattle.

New York, Oct. 9.—Arrived: President Adams, London; Muehen, Bremen; Esthonia, Copenhagen; Baltic, Liverpool. Sailed: Halsey, Los Angeles; Mauretania, Southampton; Roussillon, Bordeaux.

Esthonia at New York from Danzig. Ansonian at London from Montreal.

TOURIST TRAVEL
MAY BE RESUMED
IN JAPAN SOON

Seattle, Oct. 10.—Advice received from Japan at the local offices of the Nippon Yusen Kaisha to-day announced that tourist travel to Japan and other points within the earthquake zone may be resumed. Arrangements have been made to accommodate tourists in hotels and on Japanese railway trains, the message stated. The famous shrine resort of Nikko has been intact and sustained no damage in the recent earthquake, but tourist travel to this section is prohibited on account of poor train facilities, the advice declared.

Taking out the first full cargo of bulk wheat loaded at this port in a number of years the British steamship Ben Venue started loading at the Hanford Street elevator to-day. It was estimated to-day that more than 220,000 bushels of wheat would make up the cargo.

Two small steamships, the Admiral Rodman and the Admiral Nicholson, sailed last night for Port Angeles and Southeastern Alaska points respectively. The former will load paper for Seattle, and the latter will obtain a cargo of canned salmon, fish meal and fish products at Ketchikan.

After shifting to Tacoma, yesterday the Luckenbach liner steamship F. J. Luckenbach returned to Seattle late last night for a load of additional local offerings for gulf ports. This vessel will later shift to Everett and Anacortes, while the freighter Walter A. Luckenbach, the Seattle-built unit of the intercoastal fleet, will finish loading at the east-waterway terminal on Friday, taking cargo for New York and Boston.

RATE ADJUSTMENTS TO BE MADE TO-DAY

Means of Developing Travel Via Yokohama to be Discussed by Conference

San Francisco, Oct. 10.—Revisions being made by nineteen representatives of trans-Pacific steamship companies, members of the Pacific westbound Conference, plying out of coast ports, in rate tariffs against the Pacific for the coming year, will be voted on to-day, the third day of their session. A rate committee has been compiling the new schedule of rates and the conference already has adopted the new rates for ports. No increase has been decided upon for carrying foodstuffs, medicines, tents and clothing to stricken areas in Japan, according to E. J. A. Watts, secretary. C. R. King, general freight agent for the Pacific Mail Steamship Company, is presiding at the meeting as general chairman.

The Japanese steamer Shinyo Maru, being chartered by the Pacific Mail Steamship Company, is scheduled to travel via Yokohama as soon as conditions in the Japanese city will permit. They were discussed at the regular quarterly session of general passenger agents of the trans-Pacific passenger lines here to-day. The final session will be held to-day.

The Japanese steamer Shinyo Maru, bearing twenty-seven refugee families from the Japanese earthquake disaster the Pacific Mail liner President Lincoln arrived here yesterday, five days late. The vessel carried a light cargo although it included 170 tons of raw silk for overland delivery.

Shipping Ice to Alaska is Latest

Shipping coal to Newcastle bids fair to be outdone by the Alaskan Siberian Navigation Company, which dispatched eighty tons of ice to Alaska on its liner Buford.

This radical statement is explained by John C. Ogden, president of the company, by the fact that the ice is required for the return shipment of 200 to 400 tons of reindeer carcasses. It is cheaper to buy ice in San Francisco and carry it to Nome than to buy it in Nome and lighter it to the ship. Ships occasionally pick up their own ice from the floes at sea, he said, but he is hoping that the Buford will not encounter ice this trip.

The marketing of fresh reindeer meat is a rapidly growing industry in Alaska, said Mr. Ogden.

STEAMING SOUTH TO M.S. KENNECOTT'S ASSISTANCE

The geodetic survey steamer Surveyor, with the revenue cutter Unalga and the steamer Cordova, is steaming south from Frederick Island to Hippa Island, where latest advice from Digby Island state the Kennecott is stranded.

KENNECOTT IS
REPORTED SAFE
IN LATE ADVICE

Late advice received at the Gonzales Observatory from Digby Island this afternoon states that there is no immediate danger for the motorship Kennecott, ashore on Hippa Island.

The advice, picked up by the Digby Island station from the Kennecott, read as follows: "Crew ashore. Have food for several days. Vessel is holding firm. There is a low swell. Causes no discomfort. We are in small bay, like an indentation, Has stony beach. Have line ashore and can come and go at will. Will build smoke fire on nearest hill. Spoke steamer Cordova 11:50 a.m. is five miles north of Hippa Island."

3,000,000 FEET OF LUMBER THIS WEEK

Henry F. Grove and Sinaloa Are Both Taking Out 1,000,000 Feet of Lumber

Several million feet of lumber will be shipped from local mills by the end of this week. One of the busiest periods in the inner harbor is reported by local lumbermen. In addition to the million feet of lumber being loaded on the Bessemer City, 1,000,000 feet of lumber will be taken by the Henry F. Grove and nearly 1,000,000 feet of lumber on the Sinaloa. Both vessels are due this week.

The Sinaloa is reported due here to-morrow and will in all probability load in the inner harbor. The Cameron Lumber Company has an order for 600,000 feet of lumber to be loaded on this ship. Other mills will donate smaller quantities, bringing the total probably in the neighborhood of 3,000,000 feet.

The Henry F. Grove is reported due here on Saturday, October 13, and will load 1,000,000 feet of lumber at the Canadian Puget Sound docks. It has not yet been ascertained whether the other mills will donate consignments to this vessel's cargo, but it is known that she will take out a capacity cargo of lumber to New York.

King Brothers are handling not only the Bessemer City, but the Sinaloa and the Henry F. Grove. This lumber export, which totals 3,000,000 feet, will not be tied up by the strike, it is thought, however, that the strike will be over before the end of the week and that work will progress as usual with the union longshoremen working the boats.

The lumber shipments going out this week comprise the last of the orders placed during the month of September.

BIG DEVELOPMENT
IN DIESEL ENGINE

Belfast Firm Building Engine of 13,000 Horsepower

Sensational developments in the marine engineering world are said to mark the engines of the two motor liners, work of which has just been started upon at the Queen's Island shipyards at Belfast for the order of Harland & Wolff, building the vessels for the Royal Mail Steam Packet. The most powerful Diesel oil engine at present working on any ship develops only 3,000 horse power, whereas the engines now in course of construction at the Queen's Island works will develop 13,000 horsepower. It is held that Belfast will thus jump into the front rank in marine engineering as it did many years ago in shipbuilding.

It was stated that the cost, £3,000,000, would be guaranteed by the British and Northern Ireland Governments in proportion to the amounts expended in England and Scotland in the purchase of raw material, and in Belfast in the work of actual construction. The amount to be spent in the Ulster capital approximates closely to £2,000,000. It is anticipated that the boats will be completed in eighteen months' time.

A. E. Shanks, of Rithet Consolidated Ltd., has returned from a four-day tour of Vancouver Island. The party, comprising Mrs. Shanks, Mr. and Mrs. Woodruff and their daughter, tour the island as far as Campbell River, visiting Qualicum Beach and crossing the island to Alberni.

A cut in the storage passenger rates to the Orient was announced to-day.

STRIKE WILL NOT
HOLD UP SHIPS

Ss. Bessemer City Moved To-day Into Inner Harbor

Port shipping will not be tied up by the longshoremen's strike, it was announced this morning. Companies handling the loading of vessels here and in Vancouver will employ non-union men, and will in all probability appeal to the Labor Bureau for assistance in securing help.

The longshoremen this morning stated they would stand out for their demands.

Local shipping men do not think the strike will hinder them in loading their vessels, however.

Bessemer City Moved
The Bessemer City, loading a million feet of lumber for the United Kingdom, was moved up to the Inner Harbor to the Canadian Puget Sound wharves, where the vessel will be loaded by non-union men, comprising yard men and others who are willing to work the vessel. The wages will be the same as those paid the longshoremen up to the time of the strike, eighty cents an hour and \$1.20 for overtime.

Vancouver shipping has not been seriously tied up by the strike, according to reports.

NOTICE TO MARINERS
BRITISH COLUMBIA
(197) Vancouver Island, Nanaimo Harbor, Galleons Point; Lights Established

Position—On top of fog bell on the point, Latitude N. 49 degs 10 mins. 25 secs., longitude W. 123 degs. 55 mins. 28 secs.

Description—Two electric lights, the upper one a fixed red light, visible from all points of approach; the lower one a fixed white catoptric light showing a beam of light bearing 214 degs. 20 secs. (S. 9 degs. W. mag.) from seaward.

(198) Portland Inlet, Ramsden Point; Lighted Beacon Established

Position—On extremity of point, Latitude N. 54 degs. 39 mins. 5 secs.; longitude W. 130 degs. 6 mins. 25 secs. Taken from Admiralty chart No. 2458 (small corrections, March, 1915).

Character—Occulting, white acetylene light, automatically occulted at short intervals, shown from a seventh order lens lantern.

Elevation—Twenty-seven feet. Visibility—Visible over an arc of 218 degs. from 260 degs. through west, north and east to 118 degs.

Description—Concrete base surmounted by a white slatwork ball with red lantern on top.

Remarks—The light is unwatched.

Mariners are hereby notified that the first red buoy at the entrance to the Fraser River is out of position.

This buoy will be replaced as soon as possible.

(Tokio, Oct. 10 (Associated Press).—The Foreign Office denies that the Government has decided to resume on Oct. 20 negotiations with Soviet Russia, which were broken off last August, as stated in dispatches from Moscow recently.

NOTICE
WHEREAS the members of the Longshoremen's Union are out on Strike in British Columbia Ports, including the port of Victoria, and whereas the Employers of Longshore Labor are desirous of carrying on the work of our port with as little delay as possible, they hereby give notice that they

Will Employ Any Man Who Desires to Work on the Loading or Discharging of Vessels

at the rate of wages and under conditions obtaining up to the time of the walk-out of the Union Longshoremen.

Notice of expected arrivals of vessels will be posted on a blackboard in front of Messrs. Rithet Consolidated's Office on Wharf Street and also at the entrance to the Outer Wharves.

Sporting of Giants' Catcher Was Factor

Wards Will Reappear In Football Circles

Frank Snyder Got Yankees on Edge By Always Looking Over to McGraw Before Signalling For Each Pitch; Schalk Thinks It Was Only Camouflage; Believes Yankees Can Beat Their Rivals If They Will Only Play Tight Baseball

By RAY SCHALK

What part do the managerial tactics of McGraw play in the success of the Giants?

Does McGraw actually signal from the bench for every ball pitched by his twirlers during the series?

What system of play is most favored by the rival managers, John McGraw, of the Giants, and Miller Huggins, of the Yankees?

What part will psychology play in the outcome of the series? Will the fact that the Yankees failed to win a game in the last series hurt the morale of the club?

In considering the outcome of a world-series there are any number of things that must be given consideration in doling out the winner. Very often some rather minor detail plays a leading role.

In the series last Fall, the fact that Catcher Frank Snyder of the Giants, looked to the bench prior to every ball pitched, was much commented upon. The impression prevailed that Manager McGraw was doing all the signaling from the bench and that Snyder was little more than a mechanical receiver, a mere tool to carry out the bidding of McGraw.

A Bit of Camouflage
While I am well aware that Snyder did look to the bench prior to each pitch, I have never believed that McGraw was giving orders on every ball delivered. Frank Snyder is a familiar catcher who, no doubt, is familiar with the strength and weakness of every batsman in the Yankee lineup. I am almost willing to go on record that McGraw did not do all the signaling that most of the pantomime pulled by Snyder in glancing toward the bench at McGraw was the old bunk.

During the games we have played the Giants on the Spring training trips I noticed that in a pinch Snyder usually glanced toward the bench to see if his manager had any particular instructions that he wanted carried out. It is not unusual for a catcher to do so, for often the manager may have a directly opposite opinion to that of the catcher as to the best plan to follow.

McGraw is a master strategist. He knew that the Yankees believed he was doling out every pitch. He also was aware that such tactics rather annoyed the Yankees. For that reason I am inclined to believe that he instructed Snyder to look on every pitch to carry out his scheme of battle.

I am not trying to detract in any way from McGraw's successful tactics by this statement. On the contrary, I am trying to point out how it is possible for a minor detail to upset the opposition. I have always heard McGraw in making it seem he was picking the style of every ball pitched rather than on the Yankees' nerves. Several of the players have since admitted as much to me.

Handled Situations Wisely
Successful direction is most essential to success in baseball. There is no denying that McGraw handled every situation wisely in the last two series. He gave the Yankees the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

I have always had the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

I have always had the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

I have always had the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

I have always had the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

I have always had the greatest admiration for McGraw, and as a result must be given credit for having directed his team superbly.

TEAM WHICH FAILED TO REGAIN MANN CUP FOR VICTORIA

—PHOTO BY CHAPMAN

This is the team of surprises this year. Early in the season the Victoria Lacrosse Club did not look like a very bright aggregation, but as the season progressed and created a big upset when it defeated New Westminster here by 4-3. It was the first defeat the Royals had suffered this year. The Capitals paid a visit to New Westminster and to the surprise of everyone here a 2-1 defeat around the horrid Royals' necks. In the second game of the play-off series here last Saturday the Capitals went to pieces and allowed the visitors to take the game, series and cup without much effort.

Those in the above picture are as follows: Front row, left to right—Fred Nobbs, Joe Norton, Joe Shillingford, Manny Norton, Marty Simpson, Everett Taylor and "Speedy" Russell. Back row—Jimmie McGregor, trainer; Allie McGregor, "Sugar" McDougall, referee; Fred Kroeger, "Cotton" Brynjolfsson, captain; Ed Christopher, manager; Angie McInnes, Steve Redgrave, Johnny Johnson and Frank Sweeney, end man.

Lady Jockey Will Ride at Newmarket in Historic Race

Newmarket, Eng., Oct. 10.—For the first time in the history of English racing, a woman jockey is to ride in a race here to-morrow. Miss Belle Tanner, twenty-five, daughter of a prominent breeder, is to ride Pennant, the favorite, in the running of the Newmarket Town Plate over a four-mile course.

The race, established by King Charles II, in 1665, is open to residents of Newmarket. The riders this year include a butcher, a tailor and an electrician. Ten horses are entered.

Amateur Hockey May Be Passed Up on Mainland

Clubs Find Cost of Operating Too Expensive and Many Players Absent

Vancouver, Oct. 10.—Amateur hockey, one of the major winter sports in British Columbia, may be added to the list of games that will not be played in Vancouver this winter, should members of the Vancouver Amateur Hockey Association, at a meeting which is to be called to-night decide that the cost of operating the association is beyond the financial power of amateurism in Vancouver. Even after a good season last year, the association has still a few unpaid debts, and practically every club in the association has been set back the cost of its equipment, and the cost of practicing, after play-off games, has been heard from many returns that they secured.

The Varsity will not field a team on account of the heavy expense, and it is expected that the Towars Inter-mediate team will go by the board. Dissatisfaction at the expense of running amateur hockey in Vancouver is not new, and has been heard from many other organizations who have considered entering hockey are stalling all discussion on the subject, and looking for the Canadian light-weight boxing championship, has signed to box Jimmy Duffy in Oakland shortly. Marks left for the coast yesterday and expects to perform at Vancouver before taking on Duffy.

Too Expensive
Whether amateur hockey is played in Vancouver this season or not, one thing remains certain, and that is, the cost of operating amateur hockey teams, and the cost of playing games, is more than the average club can finance.

Although it may be decided to continue this winter, there are a number of teams that are dissatisfied, and starting the season with discontentment in the ranks predicts no rosy path for the hockey association or hockey fans.

In addition a number of well-known hockey players have left town.

WINNIPEG BATTLER COMING TO COAST

Winnipeg, Oct. 10.—Sid Marks, of Winnipeg, who claims the Canadian light-weight boxing championship, has signed to box Jimmy Duffy in Oakland shortly. Marks left for the coast yesterday and expects to perform at Vancouver before taking on Duffy.

YESTERDAY'S GAMES

Yesterday's results in the Coast League were as follows:

At Seattle: R. H. E. 12 2 2. Batteries: Yarrison and Daly; Jacobs, Blake and Yarran.

At San Francisco: R. H. E. 10 3 3. Batteries: Kallio, Duchalsky and Jenkins; Prough and Koehler.

At Sacramento: R. H. E. 2 2 2. Batteries: Kallio, Duchalsky and Jenkins; Prough and Koehler.

At Los Angeles: R. H. E. 10 4 4. Batteries: Kallio, Duchalsky and Jenkins; Prough and Koehler.

Nanaimo Hornets Will Play Rugby Again This Year

Vancouver, Oct. 10.—Nanaimo will enter a rugby team for the McKinnon Cup. Word to this effect has been received by R. Woodward, president of the R. C. Rugby Union from V. C. McKenzie, secretary of the Nanaimo City rugby team. Although it has been thought in local rugby circles that Nanaimo would not field a team, the officials of the union having received no reply to their letter written some weeks ago, the delay in entering Nanaimo was caused by the secretary going to California and the letter being forwarded to him there. He, however, left before the communication reached the southern shore and the letter was sent back to Nanaimo, where he eventually got it after some delay.

In his letter to Woodward he states that Nanaimo expects to field a stronger team than the one that represented last year, and that a number of new players have been signed up by the team.

The Varsity will not field a team on account of the heavy expense, and it is expected that the Towars Inter-mediate team will go by the board. Dissatisfaction at the expense of running amateur hockey in Vancouver is not new, and has been heard from many other organizations who have considered entering hockey are stalling all discussion on the subject, and looking for the Canadian light-weight boxing championship, has signed to box Jimmy Duffy in Oakland shortly. Marks left for the coast yesterday and expects to perform at Vancouver before taking on Duffy.

Too Expensive
Whether amateur hockey is played in Vancouver this season or not, one thing remains certain, and that is, the cost of operating amateur hockey teams, and the cost of playing games, is more than the average club can finance.

Although it may be decided to continue this winter, there are a number of teams that are dissatisfied, and starting the season with discontentment in the ranks predicts no rosy path for the hockey association or hockey fans.

In addition a number of well-known hockey players have left town.

Victoria Riding and Polo Club to Hold Gymkhana Oct. 27; Others to Follow

With a view to encouraging riding and to form a polo club that may compete for the international championship, the Victoria Riding and Polo Club has been formed in this city. Capt. W. G. Proby, of the R. C. Cavalry, are the main props behind the club and expect to have some interesting gymkhanas during the winter and be ready for a great season of Summer activities with the break of the weather next April.

The club has taken over the horse show building at the Willows and at present has twelve fine animals. The riding school is extremely popular and large numbers of school children are attending the classes.

The first gymkhana will be held on or about October 27 and it is hoped to make this a great success both from the equine and social point of view. Vancouver horsemen and horsewomen have been invited to come over for the show and it is expected that there will be very keen competition in all events.

Used to Have Fine Shows
Ten years ago the horse show building was the scene of many fashionable affairs during fair week, but with the war and the ever-increasing number of motor cars the horse show, though he be, has failed to stir any excitement here except on the race track. In other parts of the country, however, horse shows are extremely popular and it is hoped to bring them back to favor with the Victoria public.

The officials of the club intend to hold a gymkhana every month during the winter, at which the pupils will do all the riding.

The club is going right ahead with the formation of a polo team and has a quartette of fine players already in sight. A former English player is now residing in Duncan and will line up with the locals. A match will be arranged with the Vancouver Club and it is possible that next Summer a British Columbia polo tournament will be held here with the Vancouver, Kamloops and Victoria teams competing.

"Buck" Yeo Handles Referee
E. L. Yeo, of King Edward High School, has accepted the chairmanship of the referees committee, and he will assemble the whistle-toters for conference next week.

R. Eatonshore, who officiated at games last season, has been invited to referee the first game at the Point and Yeo will handle the second.

Abolition of Amusement Tax Topic of Meetings

There will be some interesting discussion at the meetings to be held this evening in Vancouver, New Westminster, Nanaimo and Victoria, which have been called to consider the proposal asking the Provincial Government to remove the ten per cent amusement tax on all amateur games.

The meetings will be attended by representatives from every branch of sport and some of the service clubs have agreed to have members in attendance.

The meeting in Victoria will be held in room C, Y.M.C.A., at 8 o'clock, and Jimmie Adam, president of the Rotary Club, will take the chair. A petition has been drafted by the backers of the scheme and this will be read to all meetings and thrown open for discussion. If the meetings see fit they will endorse the petition and it will be signed and presented to the Government with the request that the desired action be taken.

Ontario Helps Amateurs
"Yesterday I was informed that the Government of Ontario is refunding to the amateurs the amusement tax," stated Alex Robertson, president of the Victoria and District Football Association and also the B.C.F.A., this morning. "So it does not look as though we are asking for something that no one else is giving back."

All representatives are asked to be at to-night's meeting on time so that the business may be transacted with dispatch. It will mean a big thing for amateur sport if the amusement tax is eliminated and the full gate receipts go to the various sports.

PHEASANT OPENING ADVANCED BY JACKSON

Pheasant shooting season on Vancouver Island and the Lower Mainland will open Saturday. M. B. Jackson, K.C., M.P.P., chairman of the Game Conservancy Board, issued this final announcement to-day. Opening of the season had originally been set for Monday.

Mr. Jackson explained that the change is made by the Game Board in the interests of many city hunters who cannot get out to commence operations on Monday but who can get off part, if not all day, Saturday.

The executive of the union at its regular meeting last evening went on record unanimously as being in favor of the amendment to the constitution of the amusement tax on amateur games. The organization will be represented at to-night's meeting by President J. L. Gunn.

Preparations for the opening of the season will be completed before Thursday, and it is expected that another year will get under way successfully. Both Varsity and Rowing Club teams will workout several times during the remaining few days so as to be in shape for the struggle.

The following schedule for the Miller cup series was approved: Oct. 13, Varsity vs. Rowing Club; Oct. 20, Native Sons vs. Varsity; Oct. 27, Rowing Club vs. Native Sons; Nov. 17, Rowing Club vs. Varsity; Nov. 24, Varsity vs. Native Sons; Dec. 1, Native Sons vs. Rowing Club; Dec. 8, Varsity vs. Rowing Club; Dec. 15, Native Sons vs. Varsity; Dec. 22, Rowing Club vs. Native Sons.

LARGE CROWD WILL WITNESS BALTIMORE KANSAS CITY SERIES

Kansas City, Mo., Oct. 10.—It is estimated that 30,000 people will view the opening game here to-day of the junior world's series between the Kansas City team, American Association pennant winners, and the Baltimore, International League team.

The annual general meeting of the Kingston St. Tennis Club will be held on the grounds of the club on Saturday afternoon, October 13, at 3.30 o'clock, unless it rains, in which case the meeting will be held at 507-513 Central Building at the same hour. All members are requested to attend this meeting.

WELTERWEIGHT CHAMP SUSPENDED FOR YEAR

Trenton, N.J., Oct. 10.—Mickey Walker, welterweight champion, and his manager, Jacks Bugler, yesterday were suspended for one year by the state boxing commissioner, as a result of the unsatisfactory fight in Newark Monday night, between Walker and Jimmy Jones, of Youngstown, Ohio, the recognized titleholder in New York. Both are accused of not putting up a good fight.

Vancouver Golfers Will Not Come For Match on Saturday

The Shaughnessy Golf Club of Vancouver, will be unable to send over its team of golfers for the second half of the match for the Rithet Cup which was to have been held at the Victoria Golf Club on Saturday.

Capt. Perkins, secretary of the Victoria club, with which the Shaughnessy club was to play, stated this morning that a date would be fixed later in the month for the match.

The Victoria team visited Vancouver in the Spring and played the first half of the match and was looking forward to Saturday's match with a view to clinching the Rithet Cup.

VIC FOLEY GAINS DECISION OVER ONE OF LEADING BANTAMS

Seattle, Oct. 10.—Vic Foley, of Vancouver, B.C., was given the decision over Midget Smith, of New York, former bantamweight champion of the world, in a six-round main event here last night.

Frankie Britt, of Tacoma, won a decision over Billy Young, of Vancouver, B.C., in the six-round semi-final.

Hunting Cup to Remain in Town For Another Year

Victoria Ladies Lost Second Half of Match With Vancouver But Retained Cup

For another year the Hunting Cup, emblematic of the ladies' team golf championship of the Province, will remain in Victoria. Although beaten by two points in the second half of the match in Vancouver yesterday the lead of four points obtained in the first half earlier in the year on the local links was sufficient to allow the Victorians to win by two points.

The Hunting Cup has been held here for several years, which indicates the superiority of the local players over their sisters on the mainland.

The match yesterday was played at the Jericho Golf Club. The conditions of the match call for six players from each of the Victoria and Colwood clubs and the Shaughnessy and Jericho clubs of Vancouver.

KINGSTON ST. TENNIS CLUB MEETS SATURDAY

Victoria managed to win five points in the match yesterday, while Vancouver, although playing on their home links, could do no better than annex seven. In the first half of the match here Victoria scored eight points to the visitors' four.

Mrs. Sweeney, of the Jericho Club, British Columbia and P.N.W. ladies' golf champion, won her match with Mrs. Philbrick, the local champion.

The scores were as follows:

Victoria: Mrs. Sweeney 1, Mrs. Philbrick 0, Mrs. Gellish 1, Mrs. Patterson 1, Mrs. Phelps 0, Mrs. Parry 1, Mrs. McAllister 1, Mrs. Hutchinson 1, Mrs. Tweedale 1, Mrs. Harward 0, Mrs. Martens 0, Mrs. Mara 1, Mrs. Drysdale 1, Mrs. Allen 1, Mrs. Robertson 0, Mrs. Wilson 1, Mrs. Hutchinson 1, Mrs. Pitt 1, Mrs. Shillington 1, Mrs. Hardie 1, Mrs. Stark 1, Mrs. Gillespie 1.

Total: Victoria 10, Vancouver 7.

The Victoria ladies were entertained to dinner at the Jericho Club after the match.

Wards Will Reappear In Football Circles

Island Club Asks Permission to Change Its Name; Two Second Division Clubs Forced to Drop Out of Running, Postals, Lacking Funds, While Princess Pats Have to Join With Garrison In Wednesday League; Games In All Three Divisions on Saturday

All three soccer divisions will be in action on Saturday afternoon. Two games have been arranged in the First Division, while there will be one tussle in both the Second and Junior Divisions.

Owing to the fact that the Island Club has applied to have its name changed to the North Ward it will be impossible for that team to make its appearance on Saturday.

At the regular weekly meeting of the Victoria and District Football Association last night an application was presented to change the entry of the Island Club to that of the North Ward and the association forwarded it, along with a recommendation that the application be granted, to the British Columbia Football Association in Vancouver.

The Island club has not appeared in the football circles this season, but the Wards will have their players all signed in time for their opening game one week from Saturday.

Will Help Football
The return of the Wards to football will be heralded with delight in the north end of the city and will also increase the rivalry between the various other eleven in the First Division. Some years ago the Wards were a great factor in soccer and the end of the season usually found the Wests and Wards locked in a grueling battle for the championship.

It is expected that the Wards will put a real smart eleven in the field that will make all the other clubs step along.

The meeting was also presented with two resignations from the Second Division. It had been hoped to round off a four-club league, but the Princess Pats, who won the only game they have played this season, announced that they would be unable to continue owing to the fact that the Garrison had entered a team in the Wednesday Football League.

The Postals also informed the association that it would not be able to go ahead in the Second Division owing to the expense involved in fielding a team.

Want Other Entries
As a result of the withdrawal of these two clubs, the association decided to seek other entries. At present the Moose and Esquimalt are the only clubs playing. Any other teams that would like to enter are asked to do so before next Tuesday night.

An effort is being made by the Y.V.F. to bring an outside team here for a game with an all-star Victoria eleven on Armistice Day. It was hoped that Nanaimo, Dominion champions, would be able to visit, but the club will not be enjoying a holiday. However, it is hoped that a Vancouver team will make the trip.

The games arranged for Saturday are as follows:

First Division
Navy vs. Wests, at Canteen; referee, Ever.

Second Division
S.O.E. vs. Veterans, at Royal Athletic Park; referee, Okewell.

Both games to start at 3 p.m.

Junior Division
Esquimalt vs. Moose, at Beacon Hill lower ground at 3.30 p.m.; referee, Cull.

Senior Division
Oaklands vs. High School, at Central Park at 2.15.

Horses Are Fine
"The horses are all in fine shape for the Portland show," said Mr. McCleave this morning. "We realize that we are going to have stiffer competition than ever before, as horses will be there from all parts of the United States. We have secured several new thoroughbreds, however, and expect to be able to uphold the reputation of Victoria in the competition. Our jumpers are performing splendidly now, and if they maintain their form at Portland I think we will secure the big honors."

Since the stable left Victoria last July it has visited the fairs at Medford, Cal., Salem, Ore., Gresham, Ore., Albany, Ore., Chelalis, Wash., Elma, Wash., and Puyallup, Wash.

The show at Puyallup was exceptionally good this year, and the Seattle and Tacoma horsemen had twenty fine animals entered, but the local ponies were able to brush aside the competition and cop most of the ribbons.

The McCleave horses have been winning the major honors at Portland, despite the fact that they have to compete against the best ponies from a number of millionaire stables.

The McCleave expect to get back from Portland about the middle of November and hope that their cabinet of trophies will receive many new additions.

To Our Patrons

With the object of increasing still further the efficiency of our delivery service and to enable us to make earlier deliveries in the afternoons, we respectfully request your co-operation in a new arrangement which we are certain will receive the approval of the great majority of our patrons.

The substantial increase of business in our Grocery Section, as well as in other departments of the store, has created a certain amount of congestion, with the result that many customers have been inconvenienced through late delivery of their purchases.

To overcome this difficulty we are asking our patrons to kindly send in their orders before twelve o'clock, thus enabling us to complete our packing and ensuring delivery at a reasonable hour.

Under the new arrangement, therefore, all orders received up to 12 o'clock will be delivered in good time the same afternoon.

Orders received after twelve o'clock will be delivered the following day.

THE TIMES DAILY PICTURE PAGE

MAN'S CONQUEST OF THE AIR TOLD IN PICTURES.—Above you see the United States navy's new giant dirigible ZK-1 in flight over New York City. Capable of sustaining a flight for many hours, it can carry enough explosive to convert great skyscrapers into piles of junk. Below you see Roy Knabenshue's little gas-filled blimp with which he startled natives of the central states fifteen years ago. Carrying one man and staying in the air for a few minutes it was considered the marvel of the age.

CHARLES PUSINELLI, twice broke the bank at Beauville. He is seen arriving in America to spend his money.

MAORI CHIEF.—Tattooing is a mark of distinction in the South Seas. The Maori chief pictured is ninety-eight years old.

W. J. BLACK, Deputy Minister of Immigration, is going to England as immigration officer for the Canadian National Railway.

FAMOUS AMERICAN EVANGELIST AND FAMILY.—Billy Sunday, "Ma" Sunday and their three sons, Bill, George and Paul, photographed at Niagara Falls, Ontario.

"SOME PUMPKINS."—Miss Amanda Nelson raised this huge pumpkin from a seed. She won a championship prize for the pumpkin weighing 218 pounds and another one for the pie she holds out so invitingly which was judged unequalled and simply delicious.

AWAY WENT PAVEMENT!—Even the pavement couldn't withstand a recent severe storm in Oklahoma. Photo shows how it was carried off the street by force of the water.

WYCLIFFE COLLEGE, of Toronto, will confer the degree of Doctor of Divinity (Honoris Causa) on Right Rev. Arthur Lea, Bishop of Gyushu, Japan.

FAMILY DIVIDES FOR HAPPINESS.—Richard Bennett, noted actor, centre, with left to right, his daughter, Barbara Mrs. Bennett and Joan and Constance who are dividing up to live under two separate roofs. "Our family is splitting three ways because we love each other," Bennett says. "We're dividing so we'll be a happy family—so everyone will have a square deal." He says clashing temperaments are responsible for this new theory of family love and housing which eclipses in novelty the matrimonial experiment of one-breakfast-together-per-week tried by others. "There's my wife—Adrienne Morrison, as she is known on the stage," Bennett added. "Why, do you realize with two daughters just about her size, she's lucky if she has a pair of silk stockings or a spare suit of lingerie." By the new arrangement, Mrs. Bennett gets sixty per cent. of the family income and Bennett gets forty. "Because it takes more for women to dress than men," he explained. He said both houses would operate on budgets.

NEAR NORTH POLE.—The Hammer-Junker aerial Arctic expedition was within 400 miles of the North Pole, when it turned back to Green Harbor, Spitzbergen.

WHOLESALE MARKET AT NEW YORK TO-DAY

New York, Oct. 10.—The market moved in a comparatively narrow range during the day's trading and final prices changed very little. The steel tonnage figures were about in keeping with general instructions and had no immediate effect on quotations. However, it was reported that no business so far this month exceeds volume than that which was received in the corresponding period last month and naturally this had a helpful effect on sentiment. The declaration of the steel tonnage figures in the steel industry was a covering movement in the steel industry and helped the balance of the steel industry.

Car loadings for the week-end established a new high mark and this enhanced the friendliness that has been in evidence recently toward the steel industry. The market has just now seems to be in a trading area. Further liquidation seems to be broader in parts of the list every now and then, which seems to encourage buying operations in the general list. It looks as though some strength influence may have to be injected into the situation in order to revive pronounced bullish activities.

HAS CONFIDENCE IN CITY'S FUTURE

Joseph Rose, Jeweler and Optometrist, Plans Large Extension

"I feel this city is going ahead, and I have every confidence in its future," said Joseph Rose, manufacturing jeweler and optometrist, 1913 Government Street, to-day in starting to enlarge his premises by the installation of an entirely new set of fittings.

Mr. Rose explained that he viewed with such confidence the future outlook for this city that he had invested a considerable sum of money in extensions to his business. The immediate changes will take place in the refitting of the Government Street premises. Solid mahogany will be installed throughout for show cases and display spaces.

A first class optical room equipped with the latest scientific aids is one of the features of the extension plans. The remodeling of the workshop for the manufacture and remaking of jewelry will be among the changes planned. An up-to-the-minute watch repair shop will also be installed.

J. Rose started in business in this city eight years ago with a small window front on Johnson Street. He worked with his sole stock in trade, the tools that occupied the window space. From this start he has built up a sound conservative business.

While Mr. Rose caters to the optical branch of his art, and is a registered optometrist, a large field of his work lies in the manufacture of jewelry in which there is now a brisk movement. Gratified at the success of his efforts in the first years of his venture, he has now financed his main plans for extension, and is confident that his faith in the city will be amply justified.

A curious side light on the change in the jewelry art, brought about by the war, is noted in the replacing of yellow gold with the white for the mounting of precious stones. The white gold was a war-time expedient to take the place of platinum, which comes from the Ural Mountains in Russia and is very scarce, he states. When white gold began to be used it took hold of public fancy to such a degree that it is now the established practice. The white gold sets off the precious stones to a degree impossible under the older system, it is stated.

That the jeweler must attune his eye to the dictates of fashion, as well as the dress designer, is pointed out by Mr. Rose, who tells of the rapidly changing needs of midday's fancy. Long earrings, choker beads, engraved wedding rings, blue sapphires and diamonds for engagement rings now hold sway.

Engraved wedding rings, Mr. Rose says, were known as "keeper" rings twenty-five years ago in the United Kingdom, and were given by a man to his fiancée between the giving of the engagement rings and the wedding ring. Now they are beginning to take the place of the wedding ring. Work on remodeling the premises at 1913 Government Street commences to-day.

MOVE AND OFFICE OF E. AND N. LINE

Leonard H. Solly Retires as Work is Transferred to Vancouver

Announcement is made of the retirement of Leonard H. Solly, land agent for the Esquimalt and Nanaimo Railway, who has held the position since its organization under the late Hon. Robert Dunsmuir and associates over thirty-five years ago. Mr. Solly will retain his seat on the board of the advisory committee, Canadian Pacific Railway Natural Resources Department.

Mr. Solly's retirement takes effect at the end of the year, at which time the transfer will take place from Victoria to Vancouver of the Esquimalt and Nanaimo Railway land offices, where the work will be consolidated with the general affairs of the Canadian Pacific Railway in British Columbia.

About half of the big grant to the E. and N. has been disposed of since Mr. Solly took office, practically a million acres having been transformed from virgin forest to thriving towns and farms.

The Dominion Premier had occasion to remind Britain that the rest of the Empire was looking to Britain for a lead.

He concluded by an appeal for Imperial unity.

Major Jukes suggested there was a tendency for Britain to become so engrossed in the fact that she was a state of Europe that she would forget she was also head of the Empire. But there again her influence was largely centred on Europe, for her chief markets lay there. Indeed,

expansion. There were also officers attending from the Eleventh Machine Gun Brigade. It was the first of a series of addresses to be delivered to the Sixteenth Battalion Officers' Mess in the Winter season.

Lieut.-Col. H. M. Urquhart, M.C., D.S.O., A.D.C., Commanding Officer of the Battalion presided. The Major dealt with the loose situation which now prevails through the British Empire in considering defence matters, as compared with the closer co-operation under the stress of war. He advocated a system of Imperial defence which would enable all parts of the Empire to exert their full measure of effectiveness for the help of each part. In peace provinces must be made for war conditions, he showed.

The Conference

Empire trade and Empire defence were the dominating features of the conferences were the dominating features of the conferences now in progress in London. Major Jukes stated, he outlined the growth of political and defence issues, mentioning the national sentiment of dominions, results of colonial and Imperial conferences control of own forces, control of foreign policy, the first appeal by the colonies and result, the reconstitution of the committee of Imperial defence, and the Great War.

Major Jukes pointed out that "we have accepted mandates over great tracts of country which increase the danger of points and open up unlimited liabilities. Our land frontier has been said to stretch from Singapore to Capetown. All sorts of tribal pan-Islamic and Bolshevik feelings are waiting for us to settle. Loss of prestige in one quarter merely accentuates the difficulties in others. In addition to all this we must protect the remainder of the Empire, and ensure the safety of sea routes."

Defence and Industry

The economic problem presented by the highly industrialized condition of Great Britain, dependent on outside food sources, was next the subject of reference. Major Jukes argued that purchases must be made

more and more with the Dominions and colonies.

Lack of Co-Operation

The British authorities, he pointed out, must take advantage of the lessons taught in the late war and extend the principle of self-sufficiency. He declared that as a result of the individualism that had taken the place of war-time co-operation, "Dominion problems are worked out at home by British officers or in the Dominions by Dominion officers without close personal touch. As a result, Dominion Governments are inclined to view any policy proposed from England with suspicion and to prefer proposals put forward locally as more likely to fulfil their requirements, although perhaps less satisfactory from an Imperial point of view."

Major Jukes suggested there was a tendency for Britain to become so engrossed in the fact that she was a state of Europe that she would forget she was also head of the Empire. But there again her influence was largely centred on Europe, for her chief markets lay there. Indeed,</
